

## NIDAMED Tools & Resources

These free tools and resources can help physicians screen patients for drug abuse.

### NIDA QUICK SCREEN

**With just one question**, ask your patients about past year alcohol, tobacco, and illicit and nonmedical prescription drug use. If warranted, additional resources and the NMASSIST screening tool are provided.

### NM ASSIST

This online tool contains a short series of screening questions and, based on the patient's responses, generates a substance involvement score that suggests the level of intervention needed for problematic illicit and nonmedical prescription drug use.

#### Screening Tool Quick Reference Guide.

Designed to fit in a coat pocket, this guide provides an abbreviated, handy version of the NMASSIST screening tool and instructions on its use.

#### Resource Guide: Screening for Drug Use in General Medical Settings.

This guide provides clinicians with the screening tools and procedures needed to conduct screening, brief intervention, and/or treatment referral for at-risk patients.

#### NIDAMED Videos.

Offering perspectives on the role of the physician in addiction treatment, the Discover NIDAMED module features interviews with patients and Dr. Nora Volkow.

## Patient Materials for Your Practice

NIDA provides free information that physicians and other healthcare providers can distribute to their patients.

### Information Sheets.

One-page printouts on Prescription Drug Abuse, Marijuana, and Treatment Options.

### Resource Booklets.

The science of addiction, facts about drugs, and tips for getting treatment are only a few of the subjects covered in NIDA's free publications.

Drugs, Brain, and Behavior—  
The Science of Addiction

Drug Facts:  
Shatter the Myths

Seeking Drug Abuse  
Treatment: Know  
What to Ask  
(Nov. 2011)

### Patient Posters.

Displaying these posters will help inform your patients about drug abuse and help get the conversation started with at-risk patients.

Download or Order FREE Publications at [drugabuse.gov/nidamed](http://drugabuse.gov/nidamed)

- Curriculum resources for medical schools
- Authored by medical school faculty
- Topics include prescription and other drug abuse
- For medical students, residents, and faculty
- Includes PBL, OSCE, Web module, and more

## Addiction Performance Project

A NIDAMED CME & CE Program

- **Dramatic Reading:** Professional actors perform excerpts from a Pulitzer Prize-winning play.
- **Multidisciplinary Panel:** Experts respond to the reading by relating professional experiences with substance abuse and addiction.
- **Audience Discussion:** Facilitator uses play's key themes to discuss challenges and opportunities in caring for addicted patients.
- **CME:** This activity has been approved for *AMA PRA Category 1 Credit™*.
